StudentTRACKER to Chronicle CSV Import Specification (CENET)

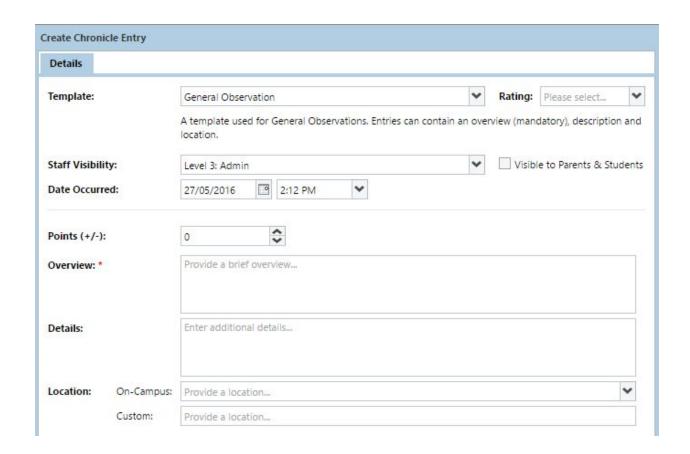

File type:
Submitted CSV files must be compliant with RFC 4180

Fields in order :
"StudentImportIdentifier","RecordedDate","OccurredDate","CreatorImportIdentifier","Category","Points","Overview","Detail","Location","SecurityLevel","Rating","ParentStudentVisible","Attachments"

Note: Files require a single line header containing the fields in order, "double-quoted".

Field descriptions and types
"StudentImportIdentifier" : String, Compass Code or GovtCode1 of target student
"RecordedDate" : String, UTC datetime(ISO8601), Date observation was recorded
"OccurenceDate" : String, UTC datetime(ISO8601), Date incident occurred
"CreatorImportIdentifier" : String, Compass Code of creator of observation

"Category" : String, Chronicle Category name
"Points" : Integer, amount of points associated to entry- can be positive or negative
"Overview" : String, Overview text
"Detail" : String, Detail Text
"Location" : String, this will be applied to the entry as a 'Custom Location'
"SecurityLevel" : Integer, values 1-3, determines Security Level of entry
"Rating" : String, valid inputs "green", "amber", "red", "grey". Sets Rating of entry.
"ParentStudentVisible" : Boolean, True/False, determines if entry is visible to students and
parents.
"Attachment": String, filenames for attachments to entry. Multiple files pipe delimited ie.
"File1.pdf|File2.pdf|File3.pdf" - files to be provided in **flat** directory with CSV

Example :

```
"StudentImportIdentifier","RecordedDate","OccurredDate","CreatorImportIdentifier","Category","
Points","Overview","Detail","Location","SecurityLevel","Rating","ParentStudentVisible","Attach
ments"
"ABC0001","2016-05-26T23:56:47Z","2016-05-26T23:56:47Z","XYZ0001","General
Observation","0","Student was disruptive","Student's outbursts in class distract other
students","A01","1","green","True","File1.pdf|File6.pdf"
```

Creates an Entry for Student ABC0001 in the General Observation category with 0 points, in
location A01, security level 1, green rating, visible to Students and Parents plus 2 attachments
"File1.pdf" and "File6.pdf"
